

## A Partnership with Parents

To our students, Autaugaville Christian Academy is more than a school. We are also a family, a community, and an environment that fosters a Biblical word view in our students. The decisions our youth make throughout their lives will impact the world for eternity. An education at Autaugaville Christian Academy is an investment that will yield life-long rewards.

## Admission Policy

Autaugaville Christian Academy admits students without regard to race, color, national and ethnic origin to all the rights, privileges, programs and activities generally afforded or made available to students of the school. It does not discriminate on the basis of race, color, national and ethnic origin in its employment practices, administration of educational policies, admission and treatment of students, athletic and other school-administered programs.

Admission will be determined by the Admissions Committee based on a review of the information received from each applicant. All new students are required to provide complete application information before admission can be determined. Admission considerations will include entrance exam results, academic records, personal interviews, teacher recommendations, and discipline reports. All admitted students are accepted on a provisional basis and will be formally evaluated at the end of the first grading period.

As a private Christian School, Autaugaville Christian Academy reserves the right to ask any student to leave, at any time, for any reason when school administration believes it is in the best interest of the school. Autaugaville Christian Academy also reserves the right to refuse a student admission for the next school year. Additionally, Autaugaville Christian Academy reserves the right to ask a student to withdraw if the actions of a parent or guardian are not in keeping with the mission of the school.

At Autaugaville Christian Academy, we believe every child deserves a place where they can grow academically, emotionally and spiritually. This program helps make that possible.

## Autaugaville Christian Academy

Autaugaville Christian Academy is more than a school; it is a Christ-centered learning community intentionally designed to nurture the academic, spiritual, and personal growth of every student. Rooted in Biblical principles, ACA helps students understand who they are in Christ, whose they are, and how they are called to live with purpose, integrity, and service.

The mission of ACA is to prepare students not only for academic advancement, but for life. Every aspect of the school's culture, curriculum, and daily practices is aligned to develop strong character, intellectual curiosity, confidence, and a sense of their God-given purpose. An education at ACA is a long-term investment—one that equips students with critical thinking skills, strong moral foundations, and a lifelong love of learning that extends well beyond graduation.

The influence of ACA often reaches beyond individual students to families and the broader community. ACA believes education is most effective when school and home work in partnership. By fostering strong relationships with families, the school creates a supportive and collaborative environment where students are known, encouraged, and challenged to reach their full potential.

Learning at ACA extends beyond the traditional classroom experience. In addition to a dedicated and caring teaching staff, students engage in hands-on, experiential learning opportunities that connect instruction to the real world. Younger students participate in developmentally appropriate experiences such as visits to parks, museums, and historical sites that spark curiosity and wonder. As students progress, learning opportunities expand to include deeper exploration of culture, history, and the world God created, helping students develop empathy, perspective, and understanding.

From a kindergartener's first field trip to meaningful learning experiences that broaden horizons, ACA emphasizes active, engaging, and faith-rooted education. Families choose ACA because they seek more than academic achievement; they desire a school where children belong, excellence is expected, and faith is lived out daily. ACA is honored to partner with families in preparing students for whatever God has planned next.

*A Place Where Faith, Education and Opportunity Meet*

This year marks the first chapter of Autaugaville Christian Academy. While ACA is a new school, it is built on deep roots within the Autaugaville community. Many of our students come from families whose parents and grandparents once attended Autaugaville public schools, institutions that shaped generations before their doors were closed.

When the local school board made the decision to close the public schools in Autaugaville, families faced the loss of more than buildings. They faced the loss of a shared history and a sense of belonging. Autaugaville Christian Academy was born from the desire to preserve that spirit and create a place where students could once again learn, grow, and thrive within their own community.

Though the name is new, the heart is familiar. ACA carries forward the pride, resilience, and close-knit culture that have long defined Autaugaville. We are honored to serve families whose roots run deep here and to provide a Christ-centered environment where a new generation can build on the legacy that came before them.

As we begin this new chapter, we do so with gratitude for the past and hope for the future. Autaugaville Christian Academy stands as a bridge between generations, serving today's students while honoring the families and traditions that helped shape this community.
